

Nurturing Connections to the Community for People with DisAbilities

Special Ministries of Livingston County
803 West Main Street
Brighton, MI 48116

July 21, 2017

Dear 100 Women Who Care,

I want you to know that your thoughtful and generous monetary gift of \$100 to Special Ministries of Livingston County is making an important difference in the lives of 180 adults with disABILITIES.

Your contribution will be used to nurture connections to the community through quality educational, faith-based, social, and recreational activities. Last year we celebrated the addition of 16 new participants and 39 unique programs, as well as being engaged in the community a total of 93 times. We are eager to carry on that momentum this year!

One way that we hope to serve more people in 2017 is to address the transportation barrier. By cutting program transportation fees, we anticipate increased opportunity for our participants living on tight budgets to attend program events. Money raised this year will go towards accomplishing this goal of making transportation more affordable.

On behalf of our participants, staff, volunteers, and board members: thank you again for your contribution to this meaningful work.

Humbly grateful,

Sabrina Musko
