One Hundred Women Who Care
About Livingston County
Michigan

Dear Friend,

Thank you for your donation of \$100. Your gift will help send a child to camp next summer. Donors like you help make it possible for camp to be entirely free-of-charge for these families.

For our campers life can be challenging. It's difficult when your future is about doctor appointments, blood transfusions and surgeries. It's difficult for parents whose calendars are week after week of medicine, hospital visits and hoping that the calendar doesn't hold any surprises. But, for one week every summer, the calendar can change for these kids and their families. For one week, that reality is replaced with games, dancing, singing and campfires. For one week it is about learning that you are brave enough to try the zipline, go kayaking and sing a song in the big show.

While campers are learning independence and meeting new friends, their parents are provided a respite, knowing their child is being challenged, inspired and being cared for in a place and a community built just for them.

Those of us who work at North Star Reach know we have a lot to be grateful for. Today I am grateful for you and grateful for your donation. Thank you for changing somebody's calendar.

Sincerely,

Kristine Chandler
Director of Development

*Such a blessing!
Thank you for
supporting our
campers*
