

December 2020

Dear Make-A-Wish Supporter,

Your heartfelt and generous gift, helps grant wishes to Michigan children battling life-threatening illnesses. Now more than ever we simply could not fulfill our mission without you, and we are so grateful for your support.

A wish is an integral part of a child's treatment journey, as it offers something that medical treatments simply can't provide. Research shows that wishes can give kids the hope and strength they need to fight against their critical illnesses.

Levi, of Alden, was born with a genetic condition that resulted in a congenital heart condition. When his cardiologist referred him to Make-A-Wish, 16-year-old Levi wished for an outdoor shed where he could hang out, play his ukulele and have his friends over. Pure joy adorned Levi's face when his wish was granted.

Not only was he excited about the activities he could enjoy right now, but the fun that awaits him this winter. His shed sits near the bottom of the family's sledding hill, so the family plans to enjoy warming up in his shed with hot chocolate after sledding. "When you go through something really difficult, it's just so unique and special to see a smile on his face and how happy he is to get this gift," Levi's dad, Jeremy, said. "Make-A-Wish helps those dreams come true."

You allow Michigan children like Levi to experience the healing power of a wish. Your support helps to take a child's focus from needle pokes and treatments to a world of possibilities. Thank you for helping to transform lives, one wish at a time.

With gratitude,

A handwritten signature in black ink, appearing to read "Erin Ehlers".
