

December 17, 2019

Dear 100 Women Who Care About Livingston County member,

On behalf of the Severe Weather Network Board of Directors, volunteers and guests, thank you for your generous donation to our program. Your support will help us continue our efforts to insure homeless adult men and women in Livingston County have a safe, warm refuge during the cold winter months. The Severe Weather Center is open nightly from 6:00 p.m. to 7:00 a.m., December 1 through April 18. Guests are provided transportation to and from the shelter, a hot meal, continental breakfast, shower facilities, and access to laundry facilities. In addition, the Severe Weather Network connects guests to local service agencies that can assist them with the transition into stable housing. Financial assistance is provided to guests to help cover the cost of housing security deposits, renters insurance and other miscellaneous expenses.

We could not be more grateful for your efforts and for believing in our mission.

With our sincerest appreciation,

Diane Duncan
