

Where
THOUGHTS
— become —
THINGS.

January 2023

On behalf of the Board of Directors of RAW Art World (Grassroots Arts Initiative) I want to sincerely thank you for your generous donation. The combined donations from the 100 Women Who Care in Livingston County mean the world to us, and have allowed us to move our programs forward in wonderful ways.

RAW has built partnerships with various other entities in the County, and we are expanding those relationships as we begin the new year. Your donation has contributed to the following: A new and improved website (www.rawartworld.com), more classes, more instructors, more programs in 2023, and much more. It is our goal to show adults and youth in our community how art and creativity can improve their lives. We hope to have a dedicated makerspace in the near future where people can teach, learn, and do art. We were able to host several hundred at RAW classes in 2022, and have plans to increase those numbers exponentially in the new year. In a world where electronics rule our lives, doing art is a wonderful way to allow creativity to flow and bring in balance and peace.

Thank you for your support and for joining us on this exciting journey!

Sincerely,
